

## CUT-OFF Wheels for Steel

### Application

- + For machining steel grades
- + For cutting metal sheets, profiles, pipes, rods and solid material

### Advantage

- + Convenient cutting with excellent lifetime
- + No reworking, such as cleaning or deburring required

	Shape	Product Code	Dimensions (mm)	Packaging
	 41	PCC41	107 x 1.2 x 16	50
		PCC51	125 x 1.2 x 22.23	50
		PCC14	350 x 3 x 25.4	25
	 42	PCC04	100 x 3 x 16	50
		PCC05	125 x 3 x 22.23	50
		PCC07	180 x 3 x 22.23	50
		PCC09	230 x 3 x 22.23	25

## Grinding Wheels for Steel

### Application

- + For Surface and edge grinding on steel grades
- + For cleaning and repairs of welding applications

### Advantage

- + High performance rough grinding with maximum lifetime
- + Bond system tailored to steel with very good abrasiveness

	Shape	Product Code	Dimensions (mm)	Packaging
	 27	PCG04	100 x 6 x 16	25
		PCG05	125 x 6 x 22.23	25
		PCG07	180 x 6 x 22.23	25
		PCG09	230 x 6 x 22.23	20
